

## MANY NEW LIGHTS ON CITY STREETS

Board Public Works Locates  
All But Twenty-Five.

Obstructions in Streets Considered at  
Meeting and Extra Poles Or-  
dered Out.

### MANY MATTERS CONSIDERED.

At the meeting yesterday of the board of public works the matter of paying a St. Louis attorney for services in looking up the safeness of bondsmen for the sprinkler company was referred to President Rinklett with power to act.

E. W. Bockman and Fred Kamleiter, on Kentucky avenue west of Seventh street, were granted the privilege of 12 foot pavements in front of their property.

The street inspector was instructed to have contractors remove a pitch melting machine from Sixth street and Kentucky avenue, and to remove debris from Sixth street between Broadway and Washington street.

Obstructions in front of the Williamson marble works on North Third street were ordered removed.

A contract for guard rails on the West Jefferson street culvert was awarded to Julian Grear for \$24.50.

A bill for \$141.35 was ordered presented to James Eaker for part of the cost of a sewer pipe running from the Harrison-Madison, Third and Fourth street hollow. He filled up the old pipe.

Property owners were ordered to prepare the necessary petition for reconstructing an alley between Third and Fourth streets and Broadway and Jefferson streets.

Superintendent Keebler, of the city lighting plant, and Engineer John Holmes, were instructed to go ahead with the work of securing material for preparing the lighting plant for the reception of new machinery.

The board ordered additional electric lights placed on the following streets: Third and Washington, Ninth and Washington, Twelfth and Adams, Thirteenth and Jones, Caldwell street curve Tenth and Kentucky avenue, Seventeenth and Monroe, Fifteenth and Harrison. Twenty-five lights remain to be located.

The Home Telephone company was granted permission to set new poles with the understanding that the old ones be removed within 30 days.

The sewer inspector was granted permission to buy tools necessary to clean intakes and drain basins.

A report from the city engineer relative to progress in sewer and other work was filed.

The board made a personal inspection of telephone poles and ordered the Home Telephone company to move a pole at Fifth and Jefferson to the property line; also to move two other poles on that street. The light company was ordered to use two poles of the telephone company on that street and remove two of its own poles.

### ILLINOIS CENTRAL EXCURSION BULLETIN

Owensboro, Ky.—Seven Hills Chautauqua. Dates of sale August 1st to 21st, 1906, limit August 22nd, 1906. Round trip rate \$5.70, limit three days from date of sale. Round trip rate \$4.75.

## BETTER CALL THE WHOLE THING OFF

Says Col. Watterson Concern-  
ing Democratic Primary.

Advises Party Leaders to Return to  
Old Order and Give Poor Man  
a Chance.

### LANGUAGE QUITE TO THE POINT

Under the editorial caption: "Back to the Old Order," the Courier-Journal calls for the abandonment of the Democratic state primary in the following language:

"What the Democrats of Kentucky most need at this time is a square deal. What too many aspirants for office seem to want is 'a little the best of it.' Old ideas of honor of brotherly love and of the party welfare appear to have dropped out, and in lieu of them how to play for advantage, more or less unfair, rules the roost among contemporary file-leaders and party managers.

"That which is true of the Democrats is equally and unhappily true of the Republicans and the conditions existing in Kentucky do not much vary from those existing in most of the states.

"We are living in an age of 'practical politics' and too often 'practical politics' means double-dealing and bad-faith, dark-closets and hocus-pocus, each for himself, the devil to get the hindmost, in every contest from the highest to the lowest.

"Thus is it that 'practical politics' doth become dog-eat-dog politics. It was dead sure when a primary election was called a year in advance of the general election that we should have a muddle before we got well into it. In the beginning the Courier-Journal entreated its party associates to see this and not to invite trouble. We pointed out that the nomination of such a primary—to start with—would give the recipient no clear assurance of election. It would carry no moral weight with it, and was bound to carry many handicaps. In the case of United States senator, in especial, it would lack all binding force, and would not be worth having. No legislature chosen a year later would hold itself bound to respect or obey it. In a mixed legislature, such as we are likely to have the longest pole would be sure 'to fetch the persimmons.'

"Whoever may have been responsible for such an unwise proceeding flew in the face both of reason and popular sentiment. The assessed money charges shut out the poor man altogether. Nobody but moneyed-men can enter. It seemed to have some sinister design. Yet, may it never be said of any Democratic leader in Kentucky—

"He digged a pit—he digged it deep. He digged it for his brother; But, for his sin, He tumbled in.

The hole he meant for 'other,' gentlemen: It begins to smell already, and before you are done with it, it will stink. And, in that event, what of the campaign to follow? The Democrats owe their possession of Kentucky to the fatuous, blind folly of the Republicans, rather than to any merit, or wisdom of their own. More unpopular leadership than we have commonly had could hardly be conceived. It is only a question of time when, if it be persevered in, we shall lose the state."

Concluding, Mr. Watterson says, referring to the primary: "In short and in fine, call the d—d thing off and give a poor man a chance to get a nomination, as in days of yore, without money and without price."

### Low Excursion Rates via Southern Railway From Louisville.

St. Paul, Minn., \$16.00, August 10, 11 and 12. Return limit August 31, with privilege of extension to Sept. 30 on payment of 50 cents.

### All Tickets

For pictures at the McFadden Studio will be honored until September 1st.

If she keeps these always in mind she is bound to do well.

## AT GIVEN SIGNAL TERRORISTS MOVE

Assassination the Order in All  
Parts of Poland.

Revolver Shots and Detonations of  
Bombs Heard in Every City in  
the Land.

### BLOODY RECORD OF THE DAY.

St. Petersburg, Aug. 16.—Acting apparently with a definite plan and at a signal, terrorists and revolutionists yesterday inaugurated a carnival of murderous attacks with bombs and revolvers on the police and troops in various cities in Poland.

Echoes of revolvers used on the police and troops in various cities in Poland, were heard from Samara, Ufa, Yalta, Kiev and even far away as Chita, where Acting Chief of Police Gorpinechenko was slain almost on his own doorstep.

Policemen and soldiers were shot down like rabbits in the streets. Their assailants who traveled in small bands almost all escaped among the terrorized but sympathetic populace. The only considerable capture was a band of ten men who had invaded a grog shop and killed several soldiers.

Other Polish cities singled out by terrorists were Lodz, where six soldiers, three patrolmen and the wife of a police captain were wounded by explosion of bombs in the police station, and two soldiers and two terrorists were killed in the streets. At Radom, a bomb was thrown into the police station and killed the wife and child of the captain; at Vlotsloosk the chief of police was slain and at Plock, at a given signal, policemen on all posts were simultaneously attacked and several wounded.

Two attacks on the railways occurred today near Ufa, revolutionists in each case flagging the train, bursting open the doors of the mail cars with bombs and rifling the registered pouches. The booty in one case amounted to \$15,000; in the other case the amount is not known.

An imperial messenger announces that owing to the serious revolutionary outbreak the whole of Caucasus with the exception of a few districts is under martial law.

### Many Killed at Warsaw.

Warsaw, Aug. 16.—Revolutionary conspirators killed 17 policemen, four gendarmes, seven infantrymen and wounded a score more here. The soldiers fired a volley into the crowd killing 15 and wounding 130.

### Revolutionists Desperate.

Kiev, Aug. 16.—Members of the revolutionists' committee entered a shop here and demanded a contribution of \$150. While waiting for the money a member of the secret police intervened whereupon the revolutionists fled. Two policemen who barred the way were shot down. One revolutionist was arrested, another committed suicide rather than surrender and a third escaped.

### Peasants Storm Jail.

Uzovka, Aug. 16.—A band of peasants from a neighboring village attempted to storm the jail at Ivanovka and release some of their friends who had been arrested for participation in the agrarian disorders. Cossack guards were forced to fire and killed five and wounding two of the mob.

### Officers Put Up Fight.

Samara, Aug. 16.—While the captain of police and captain of the army were driving in the suburbs they were attacked by an armed band and the coachman was killed. The officers defended themselves in the carriage until the arrival of the patrol. In the ensuing engagement one revolutionist was killed and another, in fleeing, fell and a bomb which he was carrying exploded blowing off his hand. All the survivors were captured.

### Not His Fault, Though.

"It is a fine thing to be brave and generous and noble," said Bliss Perry, the noted writer, editor and teacher of Harvard, "but sometimes we are generous and noble against our will. Then, of course, we deserve no credit."

"Of this type was a young married man whose father-in-law, a reputed millionaire burst in on him one day and groaned:

"'All is lost! I am utterly ruined!'" "Ahem," said the son-in-law; "then I married for love, after all."

### Car Backs Into Tool House.

The slack in a string of empty cinder cars caused one to ride the cinder pit tracks last night and break into the cinder pit laborers' tool house, a box car sitting on the ground at the end of the pit. The first car into the pit climbed the end and pushed its way into the tool house.

# To the Man Who Appropriates \$1,000 Annually for Advertising

*A great many of Lord & Thomas' most successful clients began their advertising with appropriations of a thousand dollars and even less.*

THE Lord & Thomas Agency has grown to be the largest advertising agency in America through the successful development of small advertisers.

Today our volume of business—\$4,000,000.00 per year—represents the appropriations of nearly 700 clients, so the average appropriation is less than \$6,000.00 per year.

Some of our clients who started with small appropriations are now placing over \$100,000.00 yearly with us, and their businesses have grown and are continuing to grow in proportion.

The great majority of our clients are now appropriating less than \$3,000.00 per year. Our future growth depends upon the development of these \$3,000.00-a-year advertisers into the \$100,000.00-a-year class.

We want an opportunity to show you how YOU can start advertising with a small appropriation and get into the \$100,000.00-a-year class.

The small investor always is in greatest need of protection for his investment. We realize that the \$1,000 appropriation of the beginner means more to him than the \$100,000.00 appropriation of the older advertiser. We govern ourselves accordingly. We want to tell you how we safe-guard your advertising appropriation by basing your investment on the only

trustworthy guide in advertising—the Lord & Thomas Record of Results.

Our exclusive Record of Results is the classified, indexed tabulation of actual results from hundreds of small and large advertising campaigns.

This record is interpreted, and the positive knowledge gained thereby is applied to your business by the ablest and highest salaried corps of advertising men in America.

That is why we can and do develop small advertisers, because we eliminate practically all of the waste in advertising due to the use of wrong copy and wrong media.

We want to explain to you, in person, the detailed workings of the Lord & Thomas Record of Results and just how our organization can apply what it teaches to your business.

We want to explain to you why we are particularly anxious for small accounts and how we are peculiarly organized to develop them with the greatest care.

One of our representatives is in your city every few days looking after the interests of some of our present clients. That is why we are advertising in this newspaper—to you—NOW.

A letter granting us an interview in your office will not obligate you in any way.

We are issuing a series of small books (cloth bound) covering advertising in all its phases, which we send free to interested advertisers.
